## COMPACT PEDESTRIAN STACKER FOR DOUBLE PALLET HANDLING

## **PSD 125/160**

This stacker is a combination between a lowlifter and a pedestrian stacker for loading/unloading in double stacking transport. Flexible use in small stores, food branches and "Do-it-yourself-shops" by compact construction. High side and drive stability with 4-point-chassis.

Mast type	Lift height H	Height of mast lowered h1	Max mast height h4
